

UJJAWAL RAJ

Data Analyst

Noida, Uttar Pradesh, India | +91 89500 85165 | rajujjawal2003@gmail.com

PROFESSIONAL SUMMARY

Data Analyst with 3+ years of experience across analytics, e-commerce and web development. Skilled in SQL, Advanced Excel, Power BI and Python (Pandas, NumPy), turning sales, inventory and lead data into reports that support business planning. Currently tracks dealer enquiries, conversions and territory-wise demand for leadership. Built Python analytics for sales trends, demand prediction, lead scoring and customer segmentation. Ranked #1 in India on HackerRank's SQL practice track. Two-time Employee of the Month.

SKILLS

Data Analysis & SQL: SQL (Joins, Subqueries, Stored Procedures, Query Optimisation), MySQL, data cleaning, statistical analysis, customer segmentation

BI & Reporting: Power BI (DAX, Power Query), Advanced Excel (PivotTables, XLOOKUP, VLOOKUP/INDEX-MATCH, VBA Macros), dashboards, monthly MIS reports

Python: Pandas, NumPy, Matplotlib, Scikit-learn, Jupyter Notebook

AI for Analytics: Power BI Copilot, Julius AI, Hex, ChatGPT, Claude, Prompt Engineering, workflow automation (n8n, Zapier)

Other: JavaScript, React.js, Node.js, REST APIs, Git, Shopify, WordPress, Odoo, Problem Solving, Project Management

PROFESSIONAL EXPERIENCE

Data Analyst | AZAD Solar, Kichha, Uttarakhand

January 2026 – Present

- Tracked dealer enquiries, leads and conversions end to end, and produced monthly sales, inventory and performance reports in Excel for leadership review.
- Analysed area-wise order volumes and product demand to identify high- and low-performing territories, informing business planning.

Web Developer | AI Researcher | Opspilot AI, India

June 2025 – December 2025

- Built AI chatbots and automation workflows (prompt engineering, n8n, Zapier) that cut manual client-onboarding effort by ~30%.
- Integrated REST APIs with MySQL databases to power client business workflows and reporting.
- Delivered 15+ client websites and web applications, leading concurrent engagements from requirements to deployment as primary technical contact.
- Optimised page speed, site structure and on-page SEO to improve load times and organic search visibility.

Website Manager | Blue Space Consulting, Delhi

January 2024 – May 2025

- Managed listings, inventory, pricing and promotions across Amazon, Flipkart and Meesho, tracking catalogue and checkout issues that affected conversion.
- Maintained the company storefront and resolved product page and checkout problems to protect conversion rates across channels.

Web Developer | DROP AI, Shivamogga, Karnataka

August 2022 – November 2023

- Built web applications end to end across frontend, backend and database layers, meeting release timelines.
- Diagnosed and resolved frontend and backend defects with the team across the full development lifecycle.

SELECTED PROJECTS

AI-Powered E-Commerce Management System

Python, Pandas, NumPy, Scikit-learn, MySQL, React.js

- Built Python analytics for sales trends, inventory monitoring and demand prediction on structured MySQL data.
- Created a dashboard with filtering, reporting and business insights across products, orders, customers and sales.

AI-Powered CRM & Lead Management System

Python, Pandas, Scikit-learn, NLP, MySQL, React.js

- Implemented lead scoring, customer segmentation and conversion analysis; surfaced results in an interactive sales dashboard.

Employee Management & HR Analytics System

Python, Pandas, MySQL, React.js

- Processed HR data with Pandas to generate analytical reports and dashboards on employee performance, attendance and HR metrics.

ACHIEVEMENTS

- Ranked #1 in India on HackerRank's SQL Practice track.
- Named Employee of the Month twice for performance and reliability.

EDUCATION & CERTIFICATIONS

Diploma, Data Analytics Using AI | GyanSetu

Aug 2026 – Present

Bachelor of Computer Applications (BCA) | 3rd-year coursework completed; degree not completed 2021 – 2024

HackerRank Verified: SQL (Advanced), Problem Solving (Intermediate), JavaScript (Intermediate), REST API (Intermediate)

Forage Job Simulations: Deloitte Data Analytics, Tata GenAI-Powered Data Analytics, BCG X Data Science
