

UJJAWAL RAJ

E-Commerce Manager | E-Commerce Specialist

Noida, Uttar Pradesh, India | +91 89500 85165 | rajujawal2003@gmail.com

PROFESSIONAL SUMMARY

E-commerce professional with 3+ years of experience managing storefronts and marketplace operations across Amazon, Flipkart and Meesho, and building 15+ online stores on Shopify and WordPress. Strong in catalogue and listing management, inventory, pricing and promotions, checkout and conversion fixes, on-page SEO and site speed. Uses Excel, SQL and Power BI to turn sales, inventory and demand data into reports for business decisions. Two-time Employee of the Month.

SKILLS

Marketplace & Store Operations: Amazon, Flipkart and Meesho management, product listings, catalogue setup, inventory, pricing, promotions, order tracking

E-Commerce Platforms: Shopify, WordPress, Odoo, Shoopy, theme development and customisation, payment and shipping integration

Growth & SEO: On-page SEO, page speed optimisation, site structure, conversion protection, storefront troubleshooting

Analytics & Reporting: Advanced Excel (PivotTables, XLOOKUP, VBA Macros), SQL, Power BI, Python (Pandas), sales, inventory and demand reports

Automation & AI: AI chatbots, n8n, Zapier, prompt engineering, ChatGPT, Claude

Other: HTML, CSS, JavaScript, React.js, REST APIs, Project Management, Problem Solving

PROFESSIONAL EXPERIENCE

Data Analyst | AZAD Solar, Kichha, Uttarakhand

January 2026 – Present

- Tracked dealer enquiries, leads and conversions end to end, and produced monthly sales, inventory and performance reports in Excel for leadership.
- Analysed area-wise order volumes and product demand to identify high- and low-performing territories for business planning.
- Built the company's Odoo website with distributor pages, a dealer-enquiry flow and WhatsApp lead capture.

Web Developer | AI Researcher | Opspilot AI, India

June 2025 – December 2025

- Designed, built and launched 15+ client online stores and websites on Shopify, WordPress, Odoo and Shoopy, with custom themes, catalogue setup, and payment and shipping integration.
- Optimised page speed, site structure and on-page SEO to improve load times and organic search visibility.
- Built AI chatbots and automation workflows (n8n, Zapier) that cut manual client-onboarding effort by ~30%.
- Led 15+ concurrent client engagements from requirements to deployment and post-launch support as primary contact.

Website Manager | Blue Space Consulting, Delhi

January 2024 – May 2025

- Managed listings, inventory, pricing and promotions across Amazon, Flipkart and Meesho.
- Maintained the company storefront and resolved product page, catalogue and checkout issues, protecting conversion rates across channels.

Web Developer | DROP AI, Shivamogga, Karnataka

August 2022 – November 2023

- Built web applications end to end and developed reusable UI components and templates in HTML, CSS and JavaScript.

SELECTED PROJECTS

AI-Powered E-Commerce Management System

React.js, Node.js, MySQL, Python

- Built a platform for product, inventory, order, customer and sales management with a reporting dashboard.
- Added Python analytics for sales trends, inventory monitoring and demand prediction.

AI-Powered CRM & Lead Management System

React.js, Node.js, MySQL, Python

- Built lead, follow-up and sales-pipeline management with lead scoring, customer segmentation and conversion analysis.

ACHIEVEMENTS

- Named Employee of the Month twice for performance and reliability.
- Ranked #1 in India on HackerRank's SQL Practice track.
